

Introducing IHI: Europe's new partnership for health | 26 January 2022

Speaker Bio

Sibilja Quilici Executive Director Vaccines Europe

Sibilja Quilici (MBA, MSc). Executive Director of Vaccines Europe at EFPIA - European Federation of Pharmaceutical Industries and Associations.

Vaccines Europe (VE) represents major innovative research-based vaccine companies operating in Europe, including small and medium-sized enterprises. Sibilja holds an International MBA in entrepreneurship and MSc in Health Economics & biostatistics. With more than 12 years of experience in working on vaccines, she holds a track record in studies valuing the full benefits of preventative measures (such as vaccines), from a micro and macro socio-medico-economic perspective, addressing all relevant stakeholder concerns (government, industry, society, healthcare professionals and citizens).
